INTRODUCTION and GENERAL INDEX

Henderson Directories Ltd., publishers, present to subscribers and the general public, this, the 1965 edition of the Regina City Directory.

Confidence in the growth of Regina's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Regina to the world.

The enviable position occupied by Henderson Directories Ltd. in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Regina Directory will fulfill its mission as a source of authentic information pertaining to the city.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department printed on gold-enrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Regina. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Regina, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Regina, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the designation of homes and places of business having telephones.

MUNICIPAL PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Regina.

Respectfully, The Publishers,
HENDERSON DIRECTORIES LIMITED

CITY OF REGINA

(By Courtesy The Regina Chamber of Commerce)

Chief Sitting Bull made the first recorded visit to the present site of Regina when he arrived there in 1881 on his way to Wood Mountain where the Sioux made their headquarters while seeking refuge in Canada after the Custer Battle on the Little Big Horn in Montana. The locality had long been known to the natives as "Heap O' Bones," owing to the fact that a great pile of buffalo bones garnished the low hills nearby. The first settlers called the place "Pile O' Bones," and this name appeared in official documents. The name, "Wascana," given to the creek running through the area is a corruption of the Cree word for Pile O'Bones.

It was intended to name the place Victoria, in honour of the Queen, but that name had already been bestowed on the Capital of British Columbia. The matter was referred to Princess Louise, the daughter of Queen Victoria, whose husband was then Governor General of Canada, and she selected the name "Regina." The city was named as the first train arrived at nine o'clock, August 23rd, 1882. A tent settlement had sprung up in the spring of that year.

AERIAL VIEW OF REGINA

Regina was incorporated as a City in 1903, but the little community had already been the seat of Government of the North West Territories for twenty years. It became the Provincial Capital when Saskatchewan was formed in 1905.

At the time of its incorporation Regina had a population of 3,000.

Today it has a population of 127,000. While not what might be called a large city, it is the 12th largest of all Canadian Cities.

Regina is the financial centre of the Province and it holds an important place in the life of Saskatchewan by virtue of the fact that it is the Capital and by the commercial and industrial development which has taken place within it.

The Legislative Buildings are among the most stately and beautiful in Canada. They are situated on the banks of Wascana Lake and surrounded by spacious grounds which have been beautifully developed and landscaped. The building itself is regarded as an ideal structure for legislative work. It was first begun in 1908 and cost in the neighborhood of \$3,000,000.00.

Regina contains Churches of many denominations and is the seat of the Anglican Diocese of Qu'Appelle and of the Roman Catholic Archdiocese of Regina.

Because of its natural attractions and the improvements which its people have made to it in the course of its short history, Regina is a very popular tourist and convention centre. Hotel accommodation is suitable for small and large gatherings and many thousands annually take advantage of its splendid facilities.

HARVESTING ON THE REGINA PLAINS

AGRICULTURE

Surrounding Regina is the finest grain growing district in the world. Saskatchewan is the greatest grain growing province in the Dominion and produces annually one half

PANORAMA VIEW OF REGINA

of the Canadian hard wheat crop. As producer of quality hard wheat Saskatchewan leads the world, having won the world's prize eleven times during the past sixteen years.

While Saskatchewan has always been considered the Premier Grain Growing Province in the Dominion there is abundant evidence that she will, in the not distant future, occupy an equally outstanding position in the realm of livestock. At the Royal Winter Fair, Toronto, and the International Exposition, Chicago, the high quality of our Saskatchewan livestock has been demonstrated over a long period of years.

BENEVOLENT INSTITUTIONS

The Benevolent Institutions in Regina include the Masonic: The Royal Arch Masons, Knights Templar, Scottish Rite, I.O.P.B., A.A.O.N. Mystic Shrine, Eastern Star. Others are I.O.O.F., Manchester Unity, Knights of Columbus, St. Andrews Society, Sons of England, Sons of Scotland, Knights of Pythias, Dramatic Knights of Order of Khorasen, L.O.B.A. L.T.B., Royal Antediluvian Order of Buffaloes, L.O.L. REGINA AIRPORT

Regina Flying Club was established in 1927, and received the fullest co-operation from Civic Authorities. It built a hangar for its own operations.

Regina is favourably suited to be a central point on World routes extending from the West Coast to Europe and from Eastern and Central United States through Alaska to the Orient. It is merely at the beginning of its potential development and it is extremely fortunate that its foundations are so well laid.

BUILDING

Regina has experienced three outstanding periods of building activity. The first of these was 1911 to 1913. In these three years permits totalled over \$17,000,000. The second was the period 1926 to 1929 when building permits exceeded \$24,000,000 and the third is the period 1953 to the present (1965). For the years 1953-1965, value of building permits exceeded \$38,000,000. Building permits for 1964 totalled \$38,000,000.

SASKATCHEWAN POWER CORPORATION BUILDING

Business and public buildings are of brick or stone construction. Private dwellings are of brick, wood or stucco, the latter has become especially popular of recent years. The Legislative Building, the Hotel Saskatchewan, the Dominion Government Building, the Post Office, the Financial Building, the new Court House and the new Power Corporation and Telephone Buildings are a few of the structures to which Regina can refer with justifiable pride.

CHAMBER OF COMMERCE

CO-OPERATIVES

Regina has become an important centre in the co-operative movement of the Province. It has an important branch of the Saskatchewan Federated Co-operatives, a wholesale organization. Affiliated with the Federation is the Consumers Oil Refinery. The headquarters of the Saskatchewan Wheat Pool and the Saskatchewan Co-operative Creameries Ltd., are also located in Regina. These organizations have representation throughout the whole Province.

EXHIBITION

The City of Regina conducts an Annual Fair and Exhibition. This is handled through a separate Board. The Fair Grounds are exceptionally well equipped with excellent facilities for the exhibition of livestock, industrial products, commercial lines, cooking, and the Arts and Crafts.

The Grain Show Building provides spacious exhibition facilities for the display of big units such as automobiles. The open grounds of the exhibition property are used for still larger items such as the exhibit of farm machinery. Farm machinery row at the Regina Exhibition is one of the greatest displays of farm machinery in the world.

In addition to the agricultural and industrial features of the Fair, there are numerous holiday attractions such as midway, race track, and spectacular grandstand performances. This exhibition takes place generally towards the end of July and is a big event of each year.

HIGHWAYS

Regina is situated on Trans-Continental Highway No. 1 and on Highway No. 6 and connecting highways which give Regina ready access to all points on the continent.

It is conveniently located to connect with the highway system which has become part of the Alaska Highway. One may travel in a relatively straight line from Chicago through to Fairbanks and great development of traffic along this route is anticipated in future years.

Separate School Board.

SPORTS

Reginans may play golf on seven courses. Tennis, softball, badminton, basketball, are also popular sports in Regina. However special interest is aroused by rugby, football, baseball and hockey. In all of these sports, Regina has a spectacular history. Bowling is exceptionally popular, both indoor and lawn bowling. Fancy skating has been enthusiastically received in recent years. An Annual Curling Bonspiel is one of the big sporting events of the year. Boating on Wascana Lake is also popular.

THEATRES

Regina has 3 moving picture theatres and 2 drive-ins. Travelling concerts use one of these or are accommodated at Darke Hall, the Armouries or Exhibition Auditorium. Dramatic productions and operettas, many of which are produced in Regina, are usually staged at the Darke Hall. The drama is very popular in Saskatchewan where the Little Theatre movement is very far advanced.

CENTRE FOR THE TOURIST TREK

Not only does the "Queen City of the Plains" have much of interest, beauty and historical value to give the visitor, but it offers the nearest centre from which roads lead off to the wonderland of Saskatchewan, into the hills, the lakes, by tree-lined roads, into the glory of the pine-clad north.

To reach this city of the plains, and Capital of the Province, you travel through a fascinating country. A land of thrilling spaciousness, a boundless, rolling plain of fertile soil and far stretched fields of waving grain, the land of appealing beauty, of long days of

sunshine, glorious colorful sunsets, clear air—a land that holds you in its spell and calls you back when you are gone.

On the southern shore of Lake Wascana are the magnificent grounds and buildings of the Provincial Government. Visitors are always welcome and can visit the library and reading rooms during the day.

In the library will be found many relics of great historical value, chief of which is the Confederation Table. Around this massive board sat Fathers of Confederation who brought the scattered parts of the settled East into the unity which today, as the Dominion of Canada, holds a place of high reward among all countries of the world.

One should not fail to visit the beautiful new building of Natural History Museum, College and Albert. Here, in lifelike form, can be seen the birds and animals that make their home upon the prairies.

Recreational and entertainment facilities afford a varied selection for pleasure under ideal surroundings, and short distances take the visitor to cooling sandy beaches on lakes in the historical Qu'Appelle Valley and Last Mountain Lake.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT.

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

PLEASE!

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers — be they one — or be they 1,000.

If there was but **One Subscriber** to the **City Directory** — the **One Subscriber** would of necessity have to absorb **The Whole Cost.**

If there were **1,000 Subscribers** — each one would **have to absorb 1/1,000 Part of the Whole Cost.**

From which it is obvious that the **Greater** the number of subscribers — the **Lesser** the cost to each.

Every time you loan your City Directory the **Less Necessity** there is for the **Borrower to subscribe for the Service.**

More Borrowers result in Fewer Subscribers, which means Increased Cost.

Out of Sight - Out of Mind - Out of Business
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.
